

## Land Use Effects on Water and Air

List three ways that land use may affect:	
<b>Water</b>	<ol style="list-style-type: none"><li>1. <i>Runoff</i></li><li>2. <i>Erosion of Land</i></li><li>3. <i>Water quality: sediment load (muddiness)</i></li></ol>
<b>Air</b>	<ol style="list-style-type: none"><li>1. <i>Windbreak effect - circulation</i></li><li>2. <i>Pollution from cars and trucks</i></li><li>3. <i>Dust and pollen are blown by wind</i></li></ol>

*There may be others suggested by the students.*
